

Atom & Molly

“The World’s First Sub-Atomic Comic”®

Atom, you
have to press
the “next
slide” button.

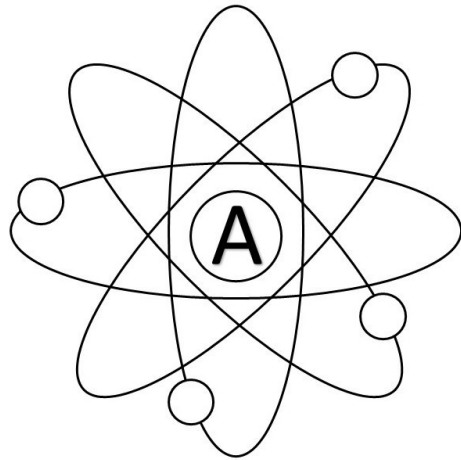

With our jokes,
aren't we
pushing enough
buttons already?

But even particles like us cannot know everything.

We fully admit that we use AI to help us get the answers we need.

More often we hear the term “quantum” being used in reference to computer processing and scientific discovery.

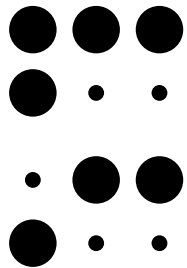

Right. But I wonder if people know what “quantum” really means?

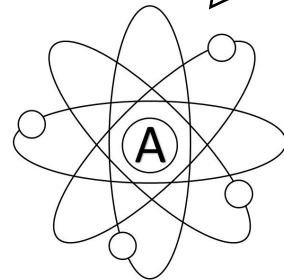

Atom & Molly

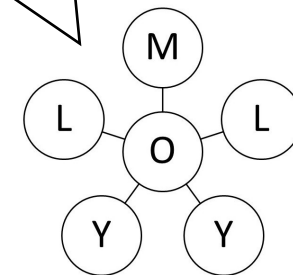

“The World’s First Sub-Atomic Comic”®

The term “quantum” refers to the smallest distinct unit of measure of an event.

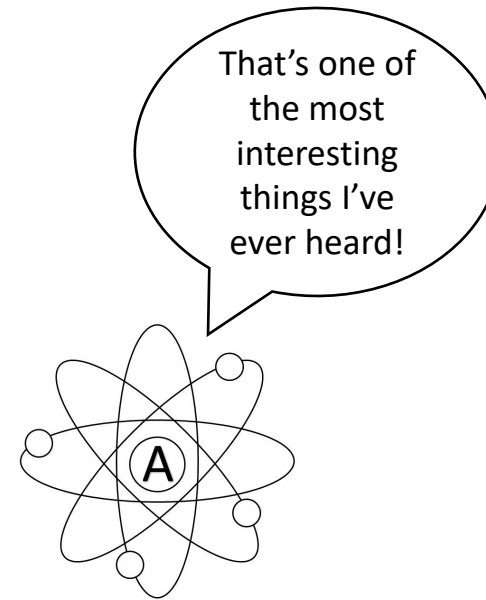

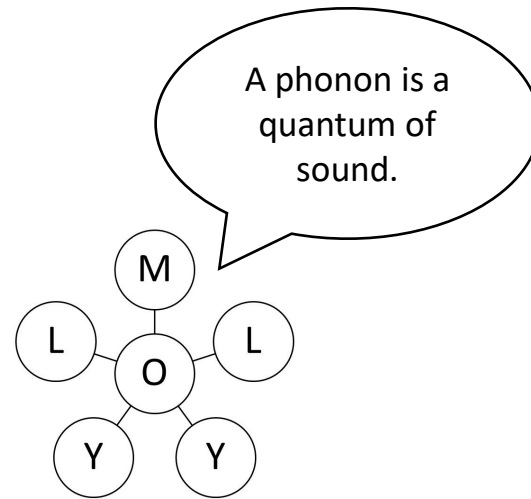

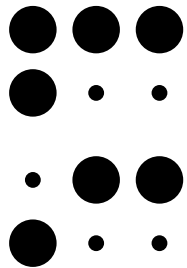

A photon is a quantum of light. An electron is a quantum of electricity.

Molly, do you think we're a quantum comic?

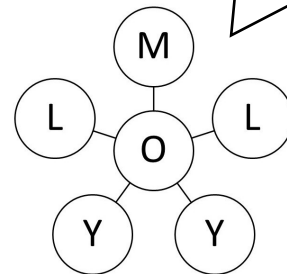

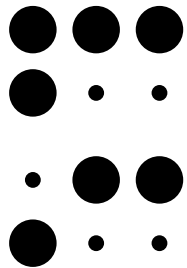

I don't think so, Atom.

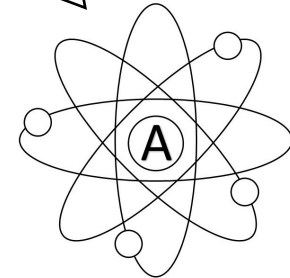

Atom & Molly

“The World’s First Sub-Atomic Comic”®

Our single panels all have three frames, we already have three books, and we have these webisodes.

Oh, thank goodness, I was worried for a quantum moment there.
